**Project Status:**

The Building Prioritization process continues to make progress. The Next Generation survey results for in-building treatment prioritization have been calculated. The next step is to present the data to the SIEC sub-committees on 3/20/09 to establish criteria data values. When the remaining steps have been completed all data and results will be reviewed by the NG committee. A common sense factor will also be considered.

**The Next Meeting will be held on Tuesday, April 28, 2009, 2:00 PM in the KENTCOMM conference room at 911 Public Safety Blvd. Dover, DE.**
